

Mr. Veljko Bojović
President
Serbian Chamber of Engineers
Belgrade, Serbia

12 January 2026

Subject: ECCE Executive Board Decision on the Proposal to Host the ECCE General Assembly Meeting in Autumn 2027

Dear Mr. Bojović,
Dear President,

On behalf of the European Council of Civil Engineers (ECCE), we would like to thank the Serbian Chamber of Engineers for its **Letter of Intent dated 23 October 2025**, expressing its interest in hosting the ECCE General Assembly Meeting in **late September or early October 2027 in Belgrade**.

We are pleased to inform you that the **ECCE Executive Board has examined your proposal with great interest and has accepted it in principle**. The Executive Board highly appreciates the strong commitment of the Serbian Chamber of Engineers, its extensive professional representation, and its readiness to host an important European-level event that promotes cooperation, knowledge exchange, and the societal role of civil engineering.

In order to proceed with the formal planning and coordination, we would kindly invite you to provide some **additional details**, where available, including in particular:

- the **proposed exact dates** (or alternative date options) within the indicated period,
- the **proposed venue(s)** in Belgrade for the General Assembly and related meetings,
- preliminary information on **accommodation capacity and logistics**,
- any initial ideas regarding the **agenda or thematic focus**, should this be foreseen.

To support your preparations, we are pleased to share with you the **ECCE Guidelines for Organising a General Assembly Meeting**, which outline the typical structure of the event and key organisational and logistical requirements. These guidelines are intended to assist host organisations in identifying needs and planning arrangements in close coordination with the ECCE Secretariat and the Executive Board.

Please rest assured that the **ECCE Secretariat remains at your full disposal** to provide guidance, clarifications, and support throughout the preparation process and, when the time is appropriate, we would be pleased to organise a coordination meeting to discuss the next steps in more detail

We look forward to continuing our excellent cooperation and to working together towards a successful ECCE General Assembly Meeting in Serbia in 2027.

Yours sincerely,

Platonas Stylianos
